Dear Ms. Collins

Thank you for returning my phone call earlier this afternoon. As I explained to you over the phone, I have learned a lot during the past couple of days about the flow of paper within the campaign I now serve as treasurer. I also now appreciate the full significance of the complaint that has been filed against me and the Marilinda Garcia for Congress campaign committee.

At this time, I am requesting on behalf of myself and the campaign committee an extension of 30 days for us to file an answer complete with supporting documents to the complaint filed against us. Thank you.
